

Windows Mobile 6.1 features and benefits

Whether you need to touch base, crunch numbers, take notes, read and send email, or get directions, you can do it all from the palm of your hand.

Balance work and play

Find ways to chat

Send a text message or IM, look up contacts and keep up on appointments.

Cut, copy, paste and send

Quickly compose messages by copying and pasting text just as you would in Microsoft Office Outlook® on your desktop.

Keep tabs on your conversations

With threaded SMS, your messages are organized into easy-to-read conversations that flow like instant messaging.

Make any space your workplace

With Microsoft® Office Mobile, you can keep on working on the go. Crunch numbers in Microsoft Office Excel® Mobile, practice your Microsoft Office PowerPoint® presentation or rework a contract in Microsoft Office Word Mobile.

Find more

Know it all

Headline news, traffic reports, stock tips and more. Internet Explorer® Mobile puts it all in your palm.

Get a better view

Use the zoom and page overview features in Internet Explorer Mobile to hone in on text, images and entire Web pages at once.

Commute smarter

Avoid traffic jams, find shortcuts and get to customer meetings on time with Live Search.

Touch base

Only Windows Mobile® phones come with Microsoft Office Outlook® Mobile. Manage your email, juggle your calendar, keep up on tasks and update your contacts just as you would on your PC.

Stay connected

Get right to work

Thanks to the familiar Windows® interface found on all Windows Mobile phones, you can get right to work with features you already know. Plus, you can set up email, a Bluetooth® headset or Wi-Fi® in mere minutes using the Getting Started Center on your Home Screen.*

Catch up at once

With support for Web-based email, you can check your personal messages from accounts like Windows Live™ Hotmail®, Gmail™, Yahoo!® and AOL®.

Click to connect

Make a phone call simply by clicking on a phone number in an email. Connect to Wi-Fi® network with just one click.*

Capture the moment

Snap a photo or record a video, and attach to an email to share with friends and colleagues.

*Wi-Fi® is not available on all mobile devices.
